UNIVERSITY OF NAIROBI
COLLEGE OF HEALTH SCIENCES
PARTNERSHIP FOR HEALTH RESEARCH AND TRAINING IN KENYA

CALL FOR APPLICATION FOR A 2-YEAR RESEARCH CAPACITY BUILDING PROGRAM

The Partnership for Health Research and Training in Kenya (P-HERT) is a grant awarded to the University of Nairobi by the US National Institutes of Health. The aim of this grant is to build the capacity of Junior Faculty in the design and conduct of research with focus on HIV/AIDS, Mental Health, and Maternal Newborn & Child Health. The grant will support a 2-year Research Capacity Building Program that provides in-depth training in Research Methods.

TRAINING PROGRAM OUTLINE

- In the first year of the program, the Junior Faculty Trainees will undertake didactic and online courses at [UoN](#) and at the University of Washington to develop skills in Epidemiology, Biostatistics, Implementation science and Responsible Conduct of Research.
- In the second year, trainees will be mentored to conduct a Research project, disseminate study findings and use the pilot data to write and submit a grant for funding.

PRIORITY (TARGETED SCHOOLS/INSTITUTES/FACULTY)
Schools of Medicine, Pharmacy, Nursing Sciences, Public Health, Institutes of Anthropology & Gender Studies (IAGAS), Population Studies and Research (PSRI) and the Faculty of Arts (Departments of Sociology & Economics)

ELIGIBILITY

1. Formal appointment as academic faculty in [UoN](#) as Tutorial Fellow, Assistant Lecturer, Lecturer, or Senior Lecturer.
2. Master's degree in Biomedical or Social Sciences. Tutorial Fellows must have completed their Master's degree coursework and research dissertation
3. Evidence of recent research involvement in research in any of the following areas: HIV/AIDS, Maternal

The Partnership for Health Research and Training in Kenya (P-HERT) is pleased to announce applications for a 2-year Research Capacity Building program.

P-HERT is a grant awarded to the University of Nairobi by the US National Institutes of Health.

The aim of this grant is to build the capacity of Junior Faculty in the design and conduct of research with focus on HIV/AIDS, Mental Health, and Maternal Newborn & Child Health.

The grant will support a 2-year Research Capacity Building program that provides in-depth training in Research Methods.

Call for application for 2-year research capacity building program

Published on Department of Paediatrics & Child Health (<http://paediatrics.uonbi.ac.ke>)

Successful applicants will undertake didactic and online courses at UoN and at the University of Washington to develop skills in Epidemiology, Biostatistics, Implementation science and Responsible conduct of research in the first year of the program.

In the second year, the trainees will be mentored to conduct a research project, disseminate study findings and use the pilot data to write and submit a grant for funding.
